

CLAIMS

What is claimed is:

- 5 1. A reflective flashlight holder, comprising
 - (a) an elongated strip of elastic fabric material, having reflective material on its outer surface substantially along its entire length; and
 - (b) attachment means on each end of the elongated strip for attaching
10 to each other,
 wherein between its ends, the elongated strip is sewn so as to form a loop.
2. A reflective flashlight holder according to claim 1, wherein the loop
15 in the elongated strip is sized so as to accommodate a penlight flashlight.
3. A reflective flashlight holder according to claim 1, wherein the attachment means comprises a hook-and-loop-type fastener.
- 20 4. A reflective flashlight holder according to claim 1, wherein the elongated strip is approximately 2 inches in width.
5. A reflective flashlight holder according to claim 1, wherein the reflective material is laminated onto the elongated strip.
- 25 6. A reflective flashlight holder according to claim 1, wherein the elongated strip is approximately 14 inches in length.
7. A reflective flashlight holder according to claim 1, further
30 comprising a separate second loop sized similarly to the loop for adaptively inserting a smaller-sized flashlight into said loop.

8. A reflective flashlight holder according to claim 7, wherein the separate second loop also is comprised of elastic material having reflective material on its outer surface.

- 5 9. A reflective flashlight holder according to claim 1, wherein the elongated strip is sized to wrap around an entire vertical mid-section of an ordinary retractable leash.
